Great Book to Learn Spanish

By cafe poret

I thought this book was great. I actually have five other of these books and they are great for getting your child to learn Spanish. I read these with my three year old and he enjoys doing them. I do them with my little boy on my laptop but I think most people probably do them on tablets. I like that once my little boy gets a little better with Spanish he will be able to sit down with the tablet himself and go through the pictures and speak the words. They are some very cute books!

My 2 Year Old is learning SPANISH!! Thank You Benny!!

By PBnWhine

BookLingual books, they are specifically designed to help children ages 2 to 8 whether you know some Spanish or none at all. These bilingual children's books are bright, colorful and all around adorable!! Learning Spanish has never been so fun! AND SO EASY!!! The stories have super cute illustrations. SUPER easy to read text that will have you learning to read and speak Spanish in no time. To see my full review check out [...]

Samantha

By Samantha collins

I bought this book to read to my 5 year old nephew. He really enjoyed the pictures as well as getting to say the words in English and Spanish. I was surprised how much Spanish I learned myself while reading the book with him. I also appreciated how the book helps you sound out some of the mote difficult words. I was happy with my purchase.
