One of the first books for countless children, this story of a free-spirited Cat who, with his high jinks and mischievous friends (Things One and Two) turns the house upside-down for two bored children on a rainy day is retold in Latin in *Cattus Petasatus*.

This edition features the original artwork of Dr. Seuss and a translation in rhyming verse that echoes the sound of the original *Cat in the Hat*.

The wonderful, whimsical, and thought-provoking stories of Dr. Seuss have been published in twenty languages. An excellent addition to Seuss collections the world over, this Latin-language edition of Seuss' timeless first reader is a welcome, all-occasion gift, a delightful way to revisit a treasured tale, and an enjoyable way to refresh your high school Latin.

A good intermediate practice to Latin

By Doug M

Having tried to learn Latin, I found reading the Classics was extremely difficult. After all, it is written by a native speaker, and I am no Latin native speaker. So I found this book to be very useful. The only problem is that it emulates Dr. Seuss's writing so well, that the whole book uses pretty much once case in Latin. You will learn that case very well, but won't be able to practice other cases in normal writing. However, I think it was a terrific idea, and I like the fact that all the words are listed in the back (as well as the context). The fact that it uses more mundane words (compare with Caesar's Gaelic Wars) is also great for intermediate readers. All in all, I consider it time well spent, not to mention, its just fun reading Dr. Seuss in Latin.

Appeals to any audience

By A Customer

Having studied Latin throughout high school, I could appreciate the innovation and creativity necessary to translate Dr. Seuss' classic story while still preserving rhyme and meter. However, my little sister, who has just recently learned to read on such classics as "The Cat in the Hat," perhaps enjoyed "Cattus Petasatus" even more than I did. Not automatically looking to identify subject and verb, she giggled with delight at the new words that roll off the tongue with the catchy meter and bragged to my parents that she was able to speak Latin! Because the pictures are the same as the English, she was able to follow the storyline and give expression to the words.

Whether as an introduction to Latin or an amusing twist of the Dr. Seuss classic, "Cattus Petasatus" is a wonderful variation that will make the reader and audience smile.

Optime! But be warned...Tougher than you think

By Denali

I am a three year Latin student, and am particularly obsessed with the language. When I got this book, I was expecting a light and funny Latin read. However, I was surprised by its difficulty. Because the book has been (brilliantly) rendered into the same rhyming meter as Seuss' English version, the words in Latin do not directly correspond to the English. This makes it infinitely more challenging, in that you cannot check your translation against the English book. In fact, it took me a good month or so to get through it. Despite the challenge, it was highly enjoyable to read. I am amazed by the skill it would take to rhyme the words in Latin

in the same way Seuss originally did, while keeping the same basic meaning. If students of the language would like a slightly easier read, I would highly recommend "Ferdinandus Taurus", which is also fun to read but with less complex language and grammar.
