Cool travel book.

By Alan Duke

I bought this book on my phone before my trip to Rome. Turned out to be very helpful. Easy to read and breaks up the city in to whats not to be missed and things you can skip so you don't end up wasting time in some tourist trap. The live links were helpful in booking english speaking tours on a few locations. We even went to two of the recommended restaurants and they were both delicious. Cool travel book

Awesome read

By Daisy t

Makes you want to head out and book your trip! Never been to this country and the words turn into images that are truly enticing. Love the gorgeous pics as well! Clued in Paris and Venice are also good reads. I have never been to any of these places but now can imagine what to expect.
