Great book so far

By Ivonne Philips

I think the book is great. I bought it for my soon to be 3rd grader son. Our public schools aren't reaching cursive anymore (very disappointed) so I bought this book to introduce him to it over the summer. I'm giving it 3 stars for now because we just started but it sure helps teaching the importance of how to place your hand properly and provides lessons practicing how to create the loops and connect letters.

Good Starter for Kids

By doc.no

I got this for my daughter, since she is not learning cursive at school. It was a great way for her to get started and she really enjoyed writing the "special" notes to Santa and her best friend. Definitely recommend it for kids just starting out.
