Most helpful customer reviews

4 of 4 people found the following review helpful.

poor description; string arrangement

By LJ

I needed a wind score, and I received a string score. When reviewing my order, I realized there was no description of the product that included the arranger of the string score I received. So I was misled to order what I believed would be the original Boosey & Hawkes arrangement of the score. So unless you want a revised version with strings only, do not order this score!
