Life will be completed if you know a lot more points via reading books.

IMMEDIATE LOADING: A NEW ERA IN ORAL IMPLANTOLOGY BY TIZIANO TESTORI PDF

As implant dentistry continues to evolve, one of the most promising new treatment strategies is immediate loading. Recent studies have demonstrated that immediate loading actually stimulates peri-implant osteogenesis by accelerating the fracture repair process, thereby increasing implant retention while minimizing surgical invasiveness, treatment time, and the psychologic distress of the patient. This book, written by a team of researchers and clinicians with specialized knowledge and experience in the field of implant dentistry, synthesizes all the considerations that affect immediate loading protocols, first explaining the biology that underpins the innovate strategy and systematically moving through all the stages of the process, from the presurgical diagnosis to the posttreatment management. The authors emphasize the importance of the prosthetic-implant team working as a unit, demonstrating that only through close collaboration among specialists can a high degree of predictability and success be achieved. Because the authors original research underlies the therapeutic protocols and clinical applications they advance, this book offers the most precise, reliable, and updated information currently available on the subject.

1 of 1 people found the following review helpful.

Well written book on the topic of immediate loading!

By edward r hughes

This book is well written and is easy for the experienced oral implantologist to understand. The authors wen the extra mile to compose a well illustrated text with excellent photography. In particular the histophotography is outstanding. The authors are convincing. I have curiously observed the progress of immediate loading and have studied this concept for several years.

I can strongly recommend this book for the oral implantologist that desires to add immediate loading to the treatment options in their practice!

E. Richard Hughes, DDS, FAAID, FAAIP, DABOI
