A summary of a Science of Spirit for the Book Jacket Cover...

Why are we here... alive on planet earth... trapped in a life of 9 to 5 wage slavery? "Science of Spirit: Lost Keys to the Kingdom of Heaven on Earth" shows that all life on planet earth and in the universe is based on an evolution of consciousness from the beginning of time...the Big Bang. It clarifies the connectedness of all life with Science and to Spirit through the understanding of world-old Hermetic Teachings in a balance of Reason and Faith. Consciousness is the very fabric that all form is made out of and is the ground of all beingness of life... Consciousness and the energy that makes up matter are inextricably combined or linked, emerging in a sequence of events called "occasions of experience" that ultimately create our experiences in life and our reality. The universe isn't made of things or particles. It's a process. It's made up of events. The result of this evolution of consciousness is an Analogical Awareness of life living in the now moment of unlimited potentials for the growth of a new super-conscious species of humanity moving through an Omega Point in time between 2011-- 2013. These Hermetic Teachings were clarified for me through the teaching of Ramtha and his Ancient Gnostic School... much of what I have learned in 20 years... my philosophy of life has its foundation in Ramtha's philosophy. Our accelerating consciousness is moving to a quantum existence of Spirit-in-Mass... God – Man realized... alive with all the lower species of life... specifically the "Sheeple of Economic Western Society".
