In New York Times bestselling author Cathy Maxwell's glittering new series, wedding bells are ringing... until the return of a rake throws a bride's plans— and heart—into a tailspin

Every debutante aspires to snag a duke. Elin Morris just happens to have had one reserved since birth. But postponements of her marriage to London's most powerful peer give Elin time to wonder how she will marry Gavin Baynton when she cannot forget his brother, Benedict.

Already exasperated at being yanked from the military to meet "family obligations," now Ben must suffer watching his arrogant sibling squire the only woman he has ever loved. Joining the army saved Ben from sinking into bitterness, but seeing Elin again takes him back to the day they surrendered to their intoxicating desire.

As the wedding draws near, Elin tries to push Ben far from her thoughts. When danger brings them together, there is no denying their feelings. But can Elin choose love over duty...?

WOW! This was BAD!

By Romantic Fool

Sorry to pan ANY author, but I just don't get it. I tried the sample, and it seemed good, so I gave it a try. It almost felt like the sample, and the book were written by two different people. I struggled through this book, and did not finish it. Asked for my money back. I really wanted to like it. But I could not. Some books flow well, this one was confusing, and boring. I had to go back and re-read parts, because they just did not make sense!! And conversations jumped from one subject to the next with no explanation. Characters kept walking away from each other everytime they had a near adult conversation. It was indicative of their youth, you think they would have grown-up by now!! Then there are the weirdest sentence structures, and a lot of, "he did this", then he "did this", then "she did this" with no emotion, no love. And moronic metaphors and descriptions. When he is about to make love to her, we hear "and then he was at her portal". Really????? I did not feel the love, or the passion. This book was a flop. This author's writing style is not for me.

2.5 Modiste malarkey...

By lark

2.5 Elin had been promised to Gavin since birth, she loved Ben, her mother died suddenly, Elin retreated to her family's country estate to mourn. After her mourning period, a modiste appeared saying she had been sent by Elin's father ~ she had in hand a letter written by the father's secretary. I was okay up to this point.

But. The modiste immediately began issuing orders to Elin, insulting her, ordering the household staff about. Now I ask you, what pampered heiress would stand for such treatment one second? What mere modiste would dare to behave so outlandishly? This went on and on. The whole thing was a convoluted lead into the soon-to-come attempt to kill Elin. The rest of the story was pretty fair but the bad aftertaste of the contrived nonsense with the modiste flavored the entire novel for me. And it wasn't even necessary to the plot! Where was the author's imagination?

Another thing ~ during the modiste rigamarole, Elin thought the fabrics brought by the modiste were definitely sub-par. Later in the story, she thought they were oh-so-beautiful. Which was it? Did an editor even glance at this novel?

Otherwise, the story wasn't bad. I don't recommend it, though. Spend your money and your eyesight on another one.

Fun and light with a few twists and some moments of complete self-indulgence

By Gael

I've read the prequel to this series, and enjoyed the literary obsession of the heroine, fobbed off by many as just another pretty face. In this story, Elin has everything every girl should want: a wonderful debut season topped with an engagement to a Duke, making her the envy of her friends. Now, her life is in the country as the wedding plans are being made and her fiancé Gavin has decided his brother Ben must give up 'playing soldier' and return home to assist him.

Dancing the line between convention of the time and appealing to more modern readers, Maxwell dances Elin's former crush, Ben, stirring up her old feelings for him, despite her anger at being 'abandoned'. Ben believes Elin is too good for his arrogant brother, and he doesn't appreciate being made to tuck tail and obey his every whim.

A slower pace sets the tone as the history between Elin and Ben is revealed, her father's plans for her marriage to a peer and the slow redevelopment of their relationship, one that could set the ton on its ear. But, all is not quiet in the country, and whether it is sibling rivalry with Ben and Gavin, a bit of censure of Elin because of her relationship with Ben years ago, or the fact that someone wants Elin dead, the story takes several twists, none of which seem to be noticed by Gavin. When Ben rescues her, and they are able to admit the feelings that still exist, the rather loosely defined love triangle faces another crisis point. Will Elin marry the Duke, the dream of all young women of her station, or will she truly make a match of the century with her fated love?

Fun and light with a few twists and some moments of complete self-indulgence on Elin's part, a not very kindly Gavin and the true feelings that never seem to fade make this an enjoyable afternoon getaway read.

I received a paperback copy of the title from the publisher via Avon Addicts for purpose of honest review. I was not compensated for this review: all conclusions are my own responsibility.
