## Amazon.com Review

For anyone who's ever despaired of making a bowline knot from instructions saying "dive into the bunny hole," or illustrations showing a plain line in figure 1, a completed knot in figure 4, and a bafflement of loops in between, here is a solution. Originally written in Italian but translated into English by Maria Piotrowska, the *Morrow Guide* discloses the secrets of knots for sailing, fishing, camping, and climbing, with clear instructions and 647 color photographs that take the mystery out of the swivel hitch, the grapevine knot, the knotted sheepshank, the Spanish bowline, the stopper knot, and 68 more.

# **THE MORROW GUIDE TO KNOTS: FOR SAILING, FISHING, CAMPING, CLIMBING BY MARIO BIGON, GUIDO REGAZZONI PDF**

Here is an entirely different kind of knot book! For the first time, here are step-by-step instructions that take full advantage of color photography to teach the art of tying knots. Unlike illustrations in other books, these pictures show every step looking over the shoulder of the tier -- the way you see the knot as you make it. And when two or more ropes are involved, they are color coded so you can clearly tell them apart.

Included in addition are a section on decorative knots, a cross-reference list of the many applications of knots, and a detailed glossary. The Morrow Guide to Knots is a reliable and essential reference tool for all sportsmen and campers, homeowners, and youngsters as well.

It certainly covers a wide range of knots although I ...

By Brent Frakes

It certainly covers a wide range of knots although I found it generally lacking for focusing on the most critical utility knots. In some cases they are there, although they are sometimes difficult to locate and obfuscated by other interesting, yet esoteric, knots.

I felt many of the photos of knots were maybe missing one photo or two that could have made understanding the sequence of seeing

By Georgeo

Pictures were colorful, however, I felt many of the photos of knots were maybe missing one photo or two that could have made understanding the sequence of seeing how the knot was made much better.
