Perfect refresher for finance professionals moving into accounting roles

By Naomi Pereira

Perfect refresher for finance professionals moving into accounting roles. Great examples and overview of best practices and lean accounting. After you finish reading go to accountingtools.com and listen to the podcasts. Each chapter has a set of podcasts that goes along with it. I am definitely going to purchase more books by Mr Bragg.

Good overview

By Lynda Mozelewski

Good overview of concerns for the controller. If someone is new in the role, it will serve as a helpful guide to making sure all issues are covered. For a more seasoned controller, it is still worth reading. It serves to remind us of topics, and provides background that we may not have thought about for awhile.

Only for beginners

By Kathleen W

It's fine but very basic. Definitely for beginners.
