Review

In this book, Chuck Bentley moves beyond financial diet plan fads and points us in the direction of true abundant living. *The Root of Riches* lifts our gaze from simply cutting costs and clipping coupons to embracing God's vision of riches. A "true north" book to orient the heart, not just the pocketbook! --Rob Moll, editor at large, Christianity Today and author *The Art of Dying: Living Fully Into the Life to Come*

I admire Chuck Bentley and his efforts to help us think about our hearts and our treasure. God has said that if He cannot trust us with our finances, how could He trust us with real riches, i.e., the lives of men and women? I'm grateful for Chuck's leadership and testimony to help us trust God for true, eternal riches. --Steve Douglas President, Campus Crusade for Christ

Chuck's new book is grounded in Scripture and frees us from our cultural assumptions on wealth and happiness. For the overworked, dissatisfied, and weary, he offers a new definition of "rich," helping us to discover true wealth with conviction and clarity. Open *The Root of Riches* and be ready to have your ambitions redirected towards ultimate wealth and lasting satisfaction. --Peter Greer, President & CEO, HOPE International and co-author of *The Poor Will Be Glad*

About the Author

In 2000, while a business owner in Dallas, Texas, Chuck Bentley was deeply impacted as a student in a Crown Bible study. The entire direction of his life was changed when he realized that he was attempting to serve two masters, God and money, and failing at both. His authentic passion for the vision and mission of

Crown results from the transformational impact that God's Word has had on his finances and, more importantly, on his relationship with Christ. Chuck has traveled throughout the world teaching biblical financial principles to the affluent, middle class, poor and ultra poor. He is the executive producer of the God Provides™ Learning Experience, Crown's first series of short films designed to convey God's principles of provision and sustainability through dramatic Bible stories seldom captured in visual media. He is also the co-creator of the Crown Money Map™ and a contributor to Saddleback Church's small group series, Managing Our Finances God's Way. As host of the weekly podcast MoneyLife™, and daily podcast My MoneyLife, Chuck connects with all generations and inspires his audience with a strong scriptural emphasis. Following in the footsteps of Crown's cofounders, Howard Dayton and the late Larry Burkett, Chuck has assumed the mantle of a strategic organization, founded in 1976, that now reaches around the world with staff on every continent, a media presence throughout North and South America, and books and materials serving the spiritual and financial needs of all people, regardless of their economic condition. Crown's outreach impacts individuals, families, churches, and businesses through the joyful, liberating biblical truth of making and managing money so that God's purposes for one's life can be fulfilled. He has previously served Crown as Senior Vice President of Global Impact Group, Vice President of the US Field, State Director of Texas, and Area Director in Dallas/Fort Worth, Texas. Before joining Crown, he was the founder and president of OfficeExchange, an Internet startup that in 1999 was named one of the 60 best seed stage companies in the world. The company did not survive the technology crash of 2000; however, Chuck considers the experience a blessing that God used for his personal transformation. Chuck started his career in a family-owned oil and gas exploration company and moved to sales and marketing roles in Dallas, Texas, where he excelled in real estate prior to forming OfficeExchange. Chuck was born July 2, 1957 in Wichita Falls, Texas. He enjoys reading, the outdoors and his family. He and his wife, Ann, have been married since 1978. Both are graduates of Baylor University, where Chuck earned a B.A. in Business Administration, served as Student Body President, and received both Outstanding Sophomore Man and Outstanding Senior Man awards. He currently serves on the board of directors of Camp Highland, a Christ-centered, high adventure camp for youth. He is frequently a guest speaker addressing both churches and business leaders on biblical financial topics. Chuck and Ann live near Atlanta, Georgia and have four sons, a daughter-in-law, and a grandson.

A practical book that every Christian and all people should read!

By PastorD

I found this book very helpful. It is not only informative but also convicting. Many truths that were shared were written with a fresh insight and with great stories that made it extremely interesting. Chuck Bentley has done a great job making these principles come to life and he drives them home with clarity and Biblical accuracy. I am having our entire church read this book and we are making it our theme for our mid week Bible study. I feel the principles in this book are needed because of the sickness in our culture with a crass desire for materialism. The idea of getting to the root of the matter--our heart is where the battle really lies. This is a great read and it will help all those who read it to develop a Biblical worldview concerning money, wealth, and Christian stewardship. This book has the potential to start a revival in America which is what our country needs!

What the world needs today!

By R. Dickie

Chuck's fascinating personal story about how he lost his internet company in the dot.com bust of 2000 and with it his dreams of incredible wealth could be a story right from the headlines in this week's Wall Street Journal. Many American's are going through the same personal story as home values, 401ks, and life savings are quickly being lost in these volatile days. Is there a silver lining in this storm? Chuck not only found one but had a radical life transformation in the process that put him on the truth path to success! This book quite possibly will transform the way you view success and wealth and has the potential to alter your life in a positive way. I highly recommend it.
