You will not have to go outdoors to get this book *The Spanish Inquisition: A Historical Revision, Fourth Edition By Henry Kamen*

## Review

“Kamen’s 1965 *The Spanish Inquisition* set a standard of clarity and objectivity in a traditionally contentious field. This new edition, the fruit of 50 years of scholarship and meditation, corrects with hard facts and penetrating analysis many entrenched myths about Spain and her 350-year-long Inquisition. It will set the agenda for the next generation of Spanish intellectual historians.”—David Gitlitz, author of *Secrecy and Deceit: The Religion of the Crypto-Jews*  
(David Gitlitz)

“Despite voluminous publication on the Spanish Inquisition over the past four decades, Kamen’s work remains the most accessible, comprehensive, and substantively argued English-language introduction to the Spanish Inquisition. Incorporating a significant amount of new scholarship that has appeared in the fifteen years since the publication of the last edition, this volume retains its place in an increasingly dynamic field of study, and is a welcome refreshing of arguments from a known voice in the field.”—Kimberly Lynn, Western Washington University (Kimberly Lynn)

## About the Author

Henry Kamen is a fellow of the Royal Historical Society and a world authority on Spanish history. He lives in Greensboro, GA, and Barcelona, Spain.

In this completely updated edition of Henry Kamen's classic survey of the Spanish Inquisition, the author incorporates the latest research in multiple languages to offer a new—and thought-provoking—view of this fascinating period. Kamen sets the notorious Christian tribunal into the broader context of Islamic and Jewish culture in the Mediterranean, reassesses its consequences for Jewish culture, measures its impact on Spain's intellectual life, and firmly rebuts a variety of myths and exaggerations that have distorted understandings of the Inquisition. He concludes with disturbing reflections on the impact of state security organizations in our own time.

Thorough, scholarly, fascinating and essential

By Donna M. Stewart

I really got a lot out of reading this book. It is a scholarly book, but is accessible to the general reader. Kamen takes pains to put the Spanish Inquisition within its context of historical, political, and practical spheres. Dare I use the word "balanced" to describe this portrayal of the much-maligned institution? In another field, Kamen may be considered nearly an apologist, but careful reading of the text reveals the author not so concerned with defending the Inquisition as with avoiding the calumny that has plagued other portrayals.

I read this book to prepare for and as an accompaniment to a trip to Spain, and it most definitely enriched my experience of that country. I am glad Kamen took the time and care in writing such a thorough depiction of the Spanish Inquisition. Not a short or easy book, but highly recommended to those who want more than the grotesque voyeurism of most Inquisition media.

Medicine for anti-Catholics

By Cestusdei

I read this book. It uses actual data from the archives. Kamen is not Catholic and so has no reason to be biased in favor of the Church. He simply destroys the usual falsehoods about Catholicism and the inquisition. Do you think millions were executed? Well Kamen proves that is a lie. This is real scholarship by someone who knows his stuff.
