So, it enables you review it all over you have desire to read *The Vampire's Love (Other World Series Book 2) By Ramona Gray*

THE VAMPIRE'S LOVE (OTHER WORLD SERIES BOOK 2) BY RAMONA GRAY PDF

It's been over a year since Val has last seen Abigail. Driven nearly mad by her loss, he finally accepts that she is gone to him forever. Until the night he discovers her about to be sold at a human auction.

After rescuing her from her new captor he is stunned to realize that his little dove is no longer the shy, frightened human she once was. When he learns of her plan to rescue her new human friends from the deadly games they are being forced to participate in by a powerful vampire named Darius, he reluctantly agrees to help her.

Abby is determined to save her friends. Even if it means trusting Val - the vampire she swore she'd never allow to control her again.

Author's note: This is Book Two in the 'Other World' series and "The Vampire's Kiss (Book One)" MUST be read first. Although Book Two tells a complete story, be warned that there is a bit of a cliff-hanger at the end because who doesn't love a good cliff-hanger? This book also contains explicit and steamy sex scenes that may not be your cup of tea. It is intended for mature readers only.

Good part 2

By Snowbunny1977

So, its been a year. A year trying to find his little dove. Where does he find her? An auction and she's been bought by a nasty vampire. Val rescues her and kills said vampire but shes different. Stronger, thinner...and shes kick ass. Val doesn't get the welcome he is expecting. She basically ignores him after yelling at him for ruining her plan to infiltrate Darius' castle to rescue her friends. She refuses this time to let him feed and he refuses to have sex with her. Its basically like this through the whole book til towards the end. I did find that part to be annoying. I couldn't understand why she treated him the way she did. She knows he cares about her and he hasn't fed on humans since her from over a year ago. We do find out about Val's history. He's really an heir to a ruthless King and he wants no part of that. We learn about his lost love and because of that

she over hears this and knows he can never love her. He's slowly starving because he cant leave the castle as they try to keep up this farce and she wont allow him to feed off her and he doesn't want to hurt her by feeding off other slaves. Not until he is beaten and scarred by silver does she allow a feeding. She then realizes how stupid she's been and admits to loving him which shocks him and he therefore realizes he loves her too. Ugh...crazy idiots. LOL. Anyways the end they all jump into a portal taking them to a strange new land that happens to have huge shifters in it. Then it ends. So, know that there will be more to their story. I didnt like this as much as the first but I still liked it a lot.

Great series continued with even more action

By A. J. Powers

Oh my gosh I loved this second book even more. It is funny in the first book I was angry with Val for the first two chapters and now in this book I am angry with Abby in part of Chapter 2 and Chapter 3. My heart was breaking how Val had given up, he was so lost without Abigail, he had searched and searched and could not find her. I loved that we got to see his kindheartedness right from the start, he kept something that Abby loved close to him at all times. Then a shocker, right before his eyes and I was freaking, what was he going to do. Then he springs into action only to find out that Abigail was no longer the same woman he craved and protected. She was different and for a few chapters I really wasn't sure if I was going to like her, she was so cold to Val and I thought it was terrible that she never sought him, Violet, Neil, or Maria out to let them know she was okay. Don't get me wrong I love that she is now strong, tough, and independent (not really sure why her losing weight had to be brought into this, I loved that there was a chubby heroine) but the one thing I hated was when she called Val a Leech, I thought it felt like a stab right to my heart. But then she begins to be her old self more, defending him, trying to make amends, and the author allowed us to read what she was really thinking when she saw Val and that changed everything for me, even when she was not being great with him I knew what she was feeling in her heart. We learn so much about Val in this book and what has happened in his past. They are on a mission and it becomes so dangerous, There are so many trials, obstacles, and then something happens that is just terrible and Abby finally lets Val know how she feels. Then the evil vampire Darius has a surprise for all of them and I am on the edge of my seat, worried about how they are going to get out of this, and then the biggest shocker of the book happens...and that is all I will say. I am still amazed at how much I love this series and have never heard about it. Grab these books, you will not be disappointed.

Suspenseful, mouth-watering masterpiece!

By Book Addict

This is the sequel to The Vampire's Kiss and shouldn't be read out of order. The plot picks up almost a year after where book 1 leaves off. I was immediately interested and grasping for what was going to happen after such a cliffhanger from book 1. We get to know and understand Val so much more in this book and he is a complicated, honorable vampire. He has his "moments", but cemented my standing in the "We love Val" fan club from the first chapter. Abigail has changed and grown so much in their year long separation that I almost didn't recognize her. She is even more strong and independent than previously seen. Their romance is just as steamy and hot, but contains the angst and drama of their separation and misunderstandings. This series has confirmed it will be an one-click purchase for me from this point forward. I was given a copy in exchange for an honest review, am now addicted, and purchasing the entire series.

Warning - This does contain smoking hot sexual situations meant for 18 and over...like sweaty palms, temperature rising, when does my spouse get home sex!
