Pretty Good

By Drummer-girl197

This is a good book! I have read other babysitting books and I have to say that this isn't my favorite. I do like how it was very informative and covered a wide range of topics. I also think it was easy to read and I liked the layout of the pages. My only real issue with it was that it isn't really a book for beginning babysitters. I doubt that parents will ever want the girl next door to be dropping their children off at play dates and such. In my opinion it was more focused towards being a nanny(which it does say in the description that it was for both nannies and babysitters). On the other hand, this book covered topics that I haven't seen in other books that I've read such as bathing the baby and how to make fun things to play with. I actually ended up buying the book anyways because it was so enjoyable to read. So, yes, this book is good, and I would probably recommend it to someone else. I just think it was for more experienced babysitters and nannies than beginning ones.
