Struggling to comfort her mother and angry with her dad, Lahni feels more and more alone. But when Lahni and her mother attend a local church one Sunday, Lahni hears the amazing gospel choir, and her life takes an unexpected turn.

It so happens that one of Lahni's teachers, Mr. Faringhelli, has nominated her for a talent competition, and she is expected to perform a song in front of the whole school. Lahni decides to join the church choir to help her become a better singer. But what starts out as a way to practice singing becomes a place of belonging and a means for Lahni to discover her own identity. In this moving book, acclaimed author Bil Wright tells the story of one girl's search to find a home where she truly belongs.

Lahni Schuler sometimes just doesn't understand her life.

She doesn't understand why a Caucasian couple would adopt an African American baby. She doesn't understand why they would enroll that girl in a private school where she is the only African American. She doesn't understand why some of the girls at the school are so snotty and so ignorant, especially towards her. And she definitely doesn't understand why her parents are continuously arguing, when just weeks ago they would all watch movies together as a happy family.

What she does know is that she doesn't fit in, that her comfort zone involves keeping to herself, sometimes not even telling her best friend, Katie, everything, and that she has to be strong, especially for her mother, and that somewhere inside she has this amazing voice.

Mr. Faringhelli knows this, too, and wants Lahni to sing in a competition. Of course, Lahni isn't so sure about this, since it is out of her comfort zone, and she just doesn't think she could do it. Then the perfect timing comes into place when she decides to sing for her church's choir; what better way to practice singing, especially in front of a live audience. She not only surprises herself with this bold move, but also her mother. It's finally a place for Lahni to improve, to fit in, to forget all of her worries that continue to trouble her. It is the perfect escape.

Even though she does have the choir to comfort her, she knows that she will still have to deal with the girls at her school, and with her father leaving all of the time on little trips during the week, acting clueless and not

wanting to talk about the situation at all. And she still has to deal with the singing competition. Just as long as she knows she has her friends and the ones she loves by her side, she can accomplish anything.

WHEN THE BLACK GIRL SINGS is an inspirational story that will amaze all readers. The story of a girl who never fit in until she finally embraced her talent and turned it into something beautiful, shows how anyone, regardless of race, or gender, or size, can easily accomplish anything, just as long as they know they can. This is one well-written novel that will be enjoyed by generations to come.

A Middle School Teacher's Review

By M. Kelly

When the Black Girl Sings is the story of Lahni, a black girl adopted by white parents who are about to divorce. She is struggling in a lot of different ways: with snobby girls at school, with feeling betrayed by her father, with a strangely rude boy who is essentially stalking her. When it seems like nothing will ever go her way, she joins a church choir and becomes more confident and comfortable in her own skin.

Something I admire about this novel is that it is very clear that the boy who is stalking Lahni is out of line. So often, that rude boy character is revealed to have a soft interior and ends up in a relationship with the protagonist. This is not the case in When the Black Girl Sings and I feel that the novel is better for it.

Bil Wright does not tread on new territory here, but he does it with great respect for Lahni. I love teen novels where characters find their voice, both figuratively and literally.

A Rare Treat

By T. K. Mauney

When the Black Girl Sings is a wonderful read. While Lahni Schuler has her share of 'real life' going on, the author maintains hope in the story. I have discovered a new author. This is the first of Mr. Wright's books I have read. I will definitely be going back to order his books for our library.
